November Meeting Recap

Doris Ettlinger showed us a lot of things at the November meeting. Of course there was the demonstration of how she painted her 2020 night-scene, "The Last Carnival in Califon," but there was so much more to absorb. Doris answered questions about materials and technique, and also talked about her experience creating her website with Faso: <https://www.faso.com/> . She also has a broad social-media presence through Facebook, Instagram and YouTube.

Doris and her "Roadie," husband **Michael McFadden**, created a set-up that made it easy for attendees to see what was happening during the demonstration. Anyone interested in developing the marketability of their work should take a good look at all of these components.
